

Value and Versatility in a Compact Machine

Complete with
1-Year Warranty

Features include:

- Smartvent 7900 ventilator
- 7100 ventilator available
- 3 gas delivery system
- LED light strip

Optional items:

- PSVPro Software (SIMV and Pressure Support Ventilation Modes)
- Vaporizers (Isoflurane, Sevoflurane and Desflurane)
- Suction control
- Auxiliary O₂
- CastrGards
- S/5 Anesthesia Monitoring System
- Medical Gas Hoses (x5)

Lightweight, compact machine with an improved ergonomic layout. Versatile machine for neonatal-to-adult patients with quick power up and a large work station. Only one maintenance check required per year leads to additional cost savings for you. Fully autoclavable Advanced Breathing System offers easy cleaning and less potential for leaks and disconnects. Smartvent 7900 with Volume and Pressure control modes of ventilation that can be upgraded to Synchronized Intermittent Mandatory Ventilation and PSVPro with Apnea backup.

The Aespire has two large drawers for storage, and an enhanced cable management system to help reduce the clutter, and the absorber canister helps to facilitate fast, easy removal and replacement of the absorbent.

Improved patient safety

- ABS™ Advanced Breathing System
- Multi Absorber* canister which is fast and easy to remove and replace
- Fully autoclavable
- Integrated detect of complete engagement or disengagement of the ABS

Optional pressure waveform provides a quick visual reference of the breath type and pressure level on the 7100 ventilator

Easy on/off and no tools disassembly of breathing system facilitates easier cleaning and reduced maintenance time.

Optimized work environment

- compact, integrated, contemporary workstation
- Power up is quick and easy in a fast-paced environment
- Minimum O₂ flow of 50 mL available with dual flow tubes, ensures accuracy in low flow situations
- Enhanced hose and cable management reduces disconnects and clutter
- Lightweight and compact for easy maneuverability
- Larger work surface for supplies and chart
- Two large drawers provide more storage
- Removable drawer insert stores smaller items for added convenience
- Smooth, durable surfaces for easy cleaning

Cost savings

- Requires just one scheduled maintenance check per year
- Tec® 7 vaporizers are planned factory service free
- Low flow anesthesia supported

Highly effective ventilation

- 7100 ventilator helps provide highly effective ventilation for standard pediatric to adult patients
- Bellows provide quick visual reference of the patient's breathing stability
- Easy-to-read intuitive user interface
- Volume Control ventilation, integrated volume and oxygen monitoring, electronic PEEP and alarm management software included
- Optional capabilities include pressure mode and waveform and tidal volume compensation
